

Summer Camp Inception & Leaf Activities: The summer camp by the Agastya Foundation successfully commenced under the guidance of Ms. Santoshi Dhotre. The children were taught how to create collage art using tree leaves. The activity involved collecting various leaves, observing their unique patterns, and using them to create beautiful drawings. The children participated in this session with great joy and enthusiasm.

Soil Observation and Art: Another creative session focused on observing different types of soil. The children thoroughly enjoyed learning about soil variations and creatively used mud/soil to make unique drawings and art pieces.

Skill & Engineering Activities:

- **Hands-Free Cup Towers:** Today, the children were challenged to build towers out of paper cups using rubber bands, without directly touching the cups with their hands.
- **Paper Craft:** The children were also taught how to fold and construct functional boxes using craft paper.

Scientific & Team Modules Conducted:

- Persistence of Vision (Optical illusion concepts)
- Ancient Shape Shifter (Tangram puzzles)
- Team-building activities
- Plastic to Purpose (Upcycling initiatives)
- Spring balloon activity

Valedictory Session (Concluding Day) : On the final day of the summer camp, Ms. Santoshi Dhotre from the Agastya Foundation conducted wonderful activities throughout the camp, which saw enthusiastic participation from all the students. As a token of love and appreciation, the children made a handmade "Thank You" greeting card and presented it to her. To reciprocate the gesture, Ms. Santoshi gifted the children plastic compass boxes to keep their pencils and erasers.
